408-384-6202 San Luis Obispo, CA

OBJECTIVE:

Strong foundation in Python and front-end development, seeking to apply my skills in back-end development and web design to solve complex problems and contribute to projects.

EDUCATION:

California Polytechnic State University, San Luis Obispo (Cal Poly)

Bachelor of Science, **Software Engineering**

Expected: June 2028

GPA: 3.899

Coursework:

Introduction to Computing

Fundamentals of Computer Science

CS50's Introduction to Programming with Python

Data Structure

SKILLS:

Language Spoken: Fluent in Chinese and English

Programming Languages: Python, Semantic HTML 5, JavaScript

Tools/Skills: Visual Studio Code, PyCharm, GitHub Version Control, SSH

LEADERSHIP EXPERIENCE:

Club President, Monte Vista Christian High School Chess Club.

Led the club in organizing weekly meetings and regional chess tournaments

PROJECTS:

p5 Racing Gaming Project:

November 2024 - December 2024

- Created a top-down multiple-player racing game based on p5.js, collaborating with peers
- Managed backend integration and debugging, enhancing user engagement and performance.
- Implemented and refined key vehicle control functions and collision detection algorithms.

https://editor.p5js.org/erlinzhao15/full/Tdal_4g5R

Personal Website Page:

June 2024

- Designed and built a personal profile page using HTML
- Worked with CSS to implement details on the website

International Baccalaureate Extended Essay:

Winter 2023

- Conducted independent research on algorithmic time complexity in two-player zero-sum games
- Explored and compared the efficiency of alpha-beta pruning and minimax algorithms
